

# Recommended for Community Councils, but don't just take our word for it...

Kris (Kristian Rapley) was super duper helpful, Utility Aid did a free quote and saved our Community Council money on all of our electricity bills. I would **100% recommend them** to any Community Council or other organisation looking to save money across the board. Utility Aid are always happy to help if you phone with any questions and they are **all very friendly and cheerful**. Go for it!

Phillipa Martin

Thank you Kristian!
